

# AU SUMMER UNIVERSITY 2022

---

AARHUS UNIVERSITY

---

## WELCOME TO **AU SUMMER UNIVERSITY**

---

AU Summer University takes place every year in July and August. The programme consists of a broad variety of courses taught in English at Bachelor's or Master's level. AU Summer University welcomes local Danish students, international full-time students, exchange students and tuition-fee paying students.

As all teaching is research-based, courses have a strong academic foundation. This year we have invited more than 45 international recognized researchers and lecturers to spend part of their summer with our own researchers at Aarhus University to give students the very best experience.

In 2022 we are pleased to be able to offer a record-breaking number of courses – more than 100 in total.

**Kind regards**  
AU Summer University Team

”

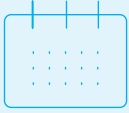

I had a lot of fun throughout this one month at Aarhus University and I really appreciate the student's and staff's help in guiding us through many of the practicalities. They are really very friendly and helpful!

I have gained a lot of experience that I would probably never get elsewhere. I definitely recommend my friends to sign up for AU Summer University! Thank you for being such a wonderful host!
