

Master level courses open to exchange students autumn 2024 - Business Economics and Administration						
Course Group 1 - Finance						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc Finance	1st semester	Corporate Finance	10	460172U001	WOA	Upon entering the course, students are expected to know basic finance equivalent to the bachelor course "Finance" (valuing projects and firms, capital structure, option pricing).
MSc Finance	1st semester	Asset Pricing	10	460172U011	ORAL	Upon entering the course, students are expected to know asset pricing equivalent to the course "Finance" (mean-variance analysis, CAPM), econometrics and quantitative methods equivalent to the course "Quantitative Research Methods" (OLS, hypothesis testing), microeconomics equivalent to the course "Business Economics" (utility functions and equilibrium), and basic calculus, algebra, and probability theory.
MSc Finance	1st semester	Applied Financial Econometrics	10	460182U001	WOA	When entering the course, the students are expected to know elementary mathematics and elementary statistics corresponding to the HA courses Mathematics, Statistics, and Quantitative Methods.
Course Group 2 - Finance and International Business						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc Finance and International Business	1st semester	Corporate Finance	10	460172U001	WOA	Upon entering the course, students are expected to know basic finance equivalent to the bachelor course "Finance" (valuing projects and firms, capital structure, option pricing).
MSc Finance and International Business	1st semester	Applied Econometric Methods	10	460182U028	WOA	Basic mathematics and statistics equivalent to the courses Math (460141U003), Statistics (460141U004), Quantitative Research Methods (460141U034).
MSc Finance and International Business	1st semester	International Finance	10	460192U008	WOA	Upon entering the course, students are expected to know corporate finance and asset pricing equivalent to the course "Finance" (mean-variance analysis, CAPM), econometrics and quantitative methods equivalent to the course "Quantitative Research Methods" (OLS, hypothesis testing), microeconomics equivalent to the course "Business Economics", and basic calculus, algebra, and probability theory.
Course Group 3 - Operations and Supply Chain Analytics						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc Operations and Supply Chain Analytics	1st semester	Tools for Analytics	5	460202U013	WOAI	Anyone with a Bachelor's degree in economics and business administration can follow the course. The student must have proper knowledge of basic use of Excel.
MSc Operations and Supply Chain Analytics	1st semester	Optimisation for Prescriptive Analytics	10	460202U006	ORAL	This course requires completion of Operations Management or course elements at a level corresponding to it.
MSc Operations and Supply Chain Analytics	1st semester	Business Process Modelling and Simulation	5	460202U008	WHAI	Bachelor degree in Economics and Business Administration.
MSc Operations and Supply Chain Analytics	1st semester	Supply Chain Design and Management	10	460152U096	WOA	It is recommended that the student is familiar with basic concepts in operations and supply chain management and in management science.
Course Group 4 - Business Intelligence						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc Business Intelligence	1st semester	Database Management and Data Visualization	10	460222U030	WOAI	
MSc Information Management	1st semester	Business Intelligence	5	460222U029	WOA	
MSc Business Intelligence	1st semester	Machine Learning for Business Intelligence 1	10	460202U016	WOA	Basic concepts in Statistics.
MSc Business Intelligence	1st semester	Business Forecasting	5	460202U010	WOA	Students are expected to have taken Quantitative Research Methods, or an equivalent course that covers regression analysis with a good understanding of the statistical methodology used.
Course Group 5 - International Economic Consulting						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments

MSc International Economic Consulting	1st semester	Econometric Methods in Economic Consulting	10	460162U002	WOA	Elementary mathematics and statistics + knowledge of econometrics at a level equivalent to chapters 1-9 in J.M. Wooldridge (2018), "Introductory Econometrics: A Modern Approach, 7th Edition" ISBN-13: 978-1-337-55886-0.
MSc International Economic Consulting	1st semester	Developing and Emerging Economies	5	460202U011	WOA	
MSc International Economic Consulting	1st semester	Organisational Economics and Strategy	5	460152U057	WOA	
MSc International Economic Consulting	1st semester	Cost Benefit Analysis	10	460152U056	WOA	Undergraduate courses in micro and macro economics.
Course Group 6 - ECON						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
Elective course	Not specified	Generative AI with LLMs	5	460242U001	WHAI	Students must have working knowledge of machine learning and intermediate Python experience including deep learning frameworks (TensorFlow or PyTorch) equivalent to the course Machine Learning for Business Intelligence 2 or similar.
Elective course	Not specified	Artificial Intelligence and Business	5	460242U002	ORAL	
Elective course	Not specified	Digital Business Development	10	460172U010	WHAI+ORAL	Bachelor's degree in Business Administration.
Elective course	Not specified	Combinatorial Optimisation with Logistics Applications	5	460232U018	WOA	The courses Tools for Analytics and Optimisation for Prescriptive Analytics, both from the specialisation MSc Operations and Supply Chain Analytics, or corresponding course elements leading to a basic knowledge of programming and mathematical optimization.
Elective course	Not specified	Real Estate Finance and Investments	5	460182U006	WOA	The purpose of the course is to present learning of a framework, a corpus of principles, methods, and knowledge, at a level that the typical graduate student can readily understand. Though a knowledge of basic finance equivalent to the bachelor course "Finance" would be helpful, you do not necessarily need to have a background in real estate or in urban economics.
Course Group 7 - Management Accounting and Control						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc Management Accounting and Control	1st semester	Methods in Management Accounting and Control	10	460232U027	WHAI+ORAL	All participants are expected to have a prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University.
MSc. Management Accounting and Control + Elective course	1st semester	Cost Management: Theories, Models and Technologies	10	460152U075	WO	The student is expected to have passed exams in Business Economics, Management Accounting, and Financial Accounting at an undergraduate level.
MSc. Management Accounting and Control + Elective course	1st semester	Planning and Budgeting	5	460152U090	WO	At least one course at university level in management accounting and one course at university level in financial accounting. The student must understand the principles of financial accounting and how various activities are reflected in financial statements. The student must understand the various types of costs organisations incur and the relationship among them.
Course Group 8 - Strategy, Organisation and Leadership (same courses as in group 15)						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc in Strategy, Organisation and Leadership, MSc in Strategic Communication, Cand .merc.jur., cand.soc. Business Psychology	1st semester	Organisational Theory	10	460152U011	WHAI	
MSc. Strategy, Organisation and Leadership	1st semester	Methods in Strategy, Organisation and Leadership	10	460232U026	WHAI+ORAL	All participants are expected to have a prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University.
MSc. Strategy, Organisation and Leadership	1st semester	Strategic Leadership: Psychology and Practice	10	460202U012	WOA	
Course Group 9 - International Business						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments

MSc International Business	1st semester	Emerging Markets, their Institutions and Challenges	10	460152U018	WOAI	
MSc International Business	1st semester	The Emergence of Global Enterprises	10	460152U009	WHAI+ORAL	
MSc International Business	1st semester	Methods in International Business	10	460232U028	WHAI+ORAL	All participants are expected to have a prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University.
Course Group 10 - Marketing						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc Marketing	1st semester	Consumer Psychology and Analytics	10	462232U024	WOMC+WOAI	The student should have a social science bachelor degree including a basic course in statistics for social sciences.
MSc Marketing	1st semester	Methods in Marketing Analytics and Strategy	10	462232U025	WHAI+ORAL	All participants are expected to have prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University.
Course Group 11 - Strategic Value Chain Management						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc. Strategic Value Chain Management	1st semester	Methods in Strategic Value Chain Management	10	460232U023	WHAI+ORAL	All participants are expected to have a prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University.
MSc. Strategic Value Chain Management	1st semester	Innovation in Buyer-Supplier Relationships	5	460182U011	ORAL	
MSc. Strategic Value Chain Management	1st semester	Value Chain Management	5	460232U020	ORAL	All participants are expected to have a prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University. (Also in course group 12).
Course Group 12 - Commercial and Retail Management						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc in Commercial and Retail Management	1st semester	Value Chain Management	5	460232U020	ORAL	All participants are expected to have a prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University. (Also in course group 11).
MSc in Commercial and Retail Management	1st semester	Retail Strategy and Commercial Innovation	10	460202U020	WHAI+WOA	
MSc in Commercial and Retail Management	1st semester	Consumer Behaviour in a Retail Setting	5	460202U009	WOA	BSc in Economics and Business Administration or equivalent.
MSc in Commercial and Retail Management	1st semester	Methods in Commercial and Retail Management	10	460232U021	WHAI+ORAL	All participants are expected to have prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University.
Course Group 13 - Innovation Management						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc. Innovation Management	1st semester	Methods in Innovation Management	10	460232U029	WHAI+ORAL	All participants are expected to have a prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University.
MSc. Innovation Management	1st semester	Technology and Intellectual Property Strategy	5	460232U030	WO	
MSc. Innovation Management	1st semester	Fundamental Ideas in Innovation and Entrepreneurship	5	460232U031	WO	
MSc. Innovation Management	1st semester	Design Thinking and Innovation	10	460232U032	WHAI+ORAL	
Course Group 14 - Digital Business Management						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc. Digital Business Management	1st semester	Digital Fundamentals for Emerging Technologies	10	460222U034	WHAI	
MSc. Digital Business Management	1st semester	Methods in Digital Business Management	10	460232U033	WHAI+ORAL	All participants are expected to have a prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University.

Course Group 15 - Strategic Communication (same courses as in group 8)						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc. Strategy, Organisation and Leadership	1st semester	Organisational Theory	10	460152U011	WHA1	
MSc. Strategy, Organisation and Leadership	1st semester	Methods in Strategy, Organisation and Leadership	10	460232U026	WHA1+ORAL	All participants are expected to have a prior knowledge of methodology and statistics that is equivalent to that obtained during a BSc in Economics and Business Administration at Aarhus University.
MSc in Strategy, Organisation and Leadership, MSc in Strategic Communication, Cand .merc.jur., cand.soc. Business Psychology	1st semester	Strategic Leadership: Psychology and Practice	10	460202U012	WOA	
Course Group 16 - MGMT Elective Courses 1						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
Elective course	Not specified	CSR and Sustainable Business	10	460222U003	WHA1	
Elective course	Not specified	Process Consultation and Change Processes	10	460162U021	WHA1+ORAL	It is recommended that students have a basic understanding of organisation theory and organisational behavior.
Elective course	Not specified	Brand Management and Market Analysis	10	460162U052	WHA1	Students should have a fair training in marketing and market research. No particular knowledge of statistics is required, but some knowledge in using MS Excel is an asset.
Elective course	Not specified	Business Negotiation	5	460162U020	WHA1	Participants should be familiar with the basic principles of organisational behaviour, organisational theory and decision theory.
Course Group 17 - MGMT Elective Courses 2						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
Elective course	Not specified	Strategic Foresight	10	460192U021	WHA1+ORAL	
Elective course	Not specified	People Strategy in Startups	10	460212U019	ORAL	
Elective course	Not specified	Nudging	10	460192U022	WHA1+ORAL	
Elective course	Not specified	Neuroscience for Business	10	460222U035	ORAL	Students need not have any prior knowledge of neuroscience. Completion of courses in qualitative & quantitative research methods as well as philosophy of science is an advantage.
Other business courses - electives (courses may overlap)						
Study programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
Elective course	Not specified	Sustainable Production and Consumption	5	460232U034	ORAL	
Elective course	Not specified	Sustainable Production and Consumption	10	460232U035	WHA1	
Elective course	Not specified	Interdisciplinary Entrepreneurship Part 1 From Problem to Business Model	5	460232U039	WHA1+ORAL	
Elective course	Not specified	Interdisciplinary Entrepreneurship Part 2 New Venture Creation	5	460232U040	WHA1+ORAL	
Master level courses open to exchange students autumn 2024 - Economics						
Course Group A - Economics						
Study Programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc -Economics and Management	Not specified	4428: Politics and Economics of the EU	10	461192U004	WOA	Basic micro- and macroeconomics. In addition, participants are expected to have some basic knowledge of EU institutions.
MSc -Economics and Management	Not specified	4518: The Economics of the Welfare State	10	461152U010	ON	Basic principles of microeconomics (household and firm models, equilibrium notions), macroeconomics (overlapping generations models, fiscal policy) and mathematics.
MSc -Economics and Management	Not specified	4615: Microeconometrics	10	461152U065	WHA1 + ORAL	Recommended courses: 3620: Econometrics I or 3625: Econometrics of Policy Evaluations.
MSc -Economics and Management	Not specified	4394: Financial Econometrics	10	461172U001	WHA1	Recommended: Econometrics I + Programming in Quantitative Economics.

MSc -Economics and Management	Not specified	5418: Health Economics	10	461152U042	ORAL	It is recommended that students have some knowledge of causal inference and have taken at least one of the following subjects: 4407: Labour Economics 4425: Micro 2 4615: Microeconometrics.
Course Group B - Economics						
Study Programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc -Economics and Management	Not specified	5637: (P) Applied Microeconometrics	10	461232U014	WHAI+ORAL	Recommended: Econometrics 1.
MSc -Economics and Management	Not specified	5360: Financial Engineering	10	461202U015	WHAI + ORAL	Upon entering the course, students are expected to have a solid understanding of the Black-Scholes framework, no-arbitrage pricing theory, and working knowledge of stochastic processes/calculus equivalent to what is covered in the master's course "Derivatives". Prospective course participants should also note that Financial Engineering is a quantitative course and that a familiarity with programming and a desire to work with advanced mathematics and mathematical models are expected.
MSc -Economics and Management	Not specified	4616: Time Series Econometrics	10	461152U066	ORAL	Recommended courses: Econometrics I.
MSc -Economics and Management	Not specified	4645: Machine Learning Methods in Empirical Economics	10	461182U001	ORAL	Students must have prior knowledge of some relevant software for computation and data analysis, e.g., R. Recommended courses: 3620 - Econometrics I / 3625 - Econometrics of Policy Evaluation 3611 - Programming in Quantitative Economics.
MSc -Economics and Management	Not specified	5362: Empirical Asset Pricing	10	461202U007	WHAI + ORAL	Students are expected to know basic econometric methods such as linear regressions and generalised method of moments (GMM) corresponding to 3620: Econometrics I, and to be familiar with standard asset pricing theory equivalent to 4345: Asset Pricing.
MSc -Economics and Management	Not specified	5419: Behavioral Economics and Finance	10	461162U018	ORAL	The course requires knowledge, competences and skills in the areas of: - Intermediate microeconomics (consumer theory, partial equilibrium, market failure) - Expected utility theory - Mathematics (constrained and unconstrained optimisation) and statistics (probabilities and expectations) - Game theory - Contract theory.
Course Group C - Economics						
Study Programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
MSc -Economics and Management	Not specified	4425: Micro 2	10	461182U003	ON	The course requires knowledge, skills and competences in the areas of: Game theory (static and dynamic games of complete and incomplete information) Mathematics (integration and differentiation, constrained and unconstrained optimization with several variables) Statistics (probability distributions, expectations) Intermediate microeconomic theory (consumer theory, partial and general equilibrium, market failure) Contract theory (basic foundation of models of hidden action and hidden information) as acquired e.g. in the course 3410: Micro 1.

MSc -Economics and Management	Not specified	4505: Macro 2	10	461202U001	ON	The course requires knowledge, skills and competences in the areas of: Intermediate macroeconomic theory (IS-LM model, Solow model). While Macro 2 is taught as a self-contained course, knowledge of 3505: Macro 1 (neoclassical growth model, consumption and investment) will be helpful. Mathematics (integration and differentiation, optimisation with several variables). Statistics (expectations). Helpful will be knowledge of basic microeconomic theory (consumer theory, producer theory, partial and general equilibrium, welfare theorems, market failure).
MSc -Economics and Management	Not specified	5522: International Economics	10	461172U002	ON	Students should be familiar with basic empirical micro-econometric tools, including basic probability theory (axioms of probability, probability mass and density functions, joint distribution and correlation, conditional probability and expectation, etc.) and statistical/econometric methods (linear regression, instrumental variable approach, fixed effect regression, etc.). Students are also expected to know basic concepts about international trade (such as tariffs, the Ricardian model and comparative advantage, gains from trade, the Heckscher-Ohlin model, the Krugman model, etc.), and mathematical methods for economic theory (maximisation problem of consumers and producers, definition and basic analysis of market equilibrium without and with market power, basic linear algebra to solve a linear system of equations, etc.).
MSc -Economics and Management	Not specified	4105: Theories of the Firm	10	461152U003	WO	Knowledge of microeconomics is a must.
MSc -Economics and Management	Not specified	4407: Labour Economics	10	461152U004	ORAL	Microeconomics and econometrics corresponding to the levels of 3410: Micro 1 and 3620: Econometrics 1.
MSc -Economics and Management	Not specified	5440: (P) Environmental Economics	10	461232U013	WHAI+ORAL	Recommended: Solid knowledge of empirical methods and microeconomics.
MSc -Economics and Management	Not specified	5524: Economic Growth and the Environment	10	461192U006	ON	General knowledge of Macroeconomic Modelling and the basic mathematical prerequisites necessary for economic modelling. Recommended: 3505: Macro 1.

Cross-disciplinary Seminars on Denmark

Study Programme	Semester	Course Title	ECTS	Course Number	Exam Type	Specific Pre-requisites/Comments
Exchange student course	n/a	Danish Society A: Culture, Institutions and Markets	5	460201U005	WHAI	This course is particularly suited to international students and/or students with no prior knowledge of Danish culture and society wishing to get an understanding of Danish society. Although the course is offered at BA level, international exchange students enrolled in Master's programmes at their home university are also eligible for enrolment. Students cannot enrol in BOTH this course AND "Danish Society A+B: Culture, Institutions and Markets with an International and Comparative Perspective" (460201U006) due to overlap.

Exchange student cour	n/a	Danish Society A+B: Culture, Institutions and Markets with an International and Comparative Perspective	10	460201U006	WHAI+WHAI	<p>This course is particularly suited to international students and/or students with no prior knowledge of Danish culture and society wishing to get a nuanced understanding of Danish society in an international context. Although the course is offered at BA level, international exchange students enrolled in Master's programmes at their home university are also eligible for enrolment.</p> <p>Students follow the teaching for "Danish Society A: Culture, Institutions and Markets". In addition to this, the teaching will consist of: two hours p/w over 5 weeks and an additional 16 hours of supervision and study cafés.</p> <p>Students cannot enrol in BOTH this course AND "Danish Society A: Culture, Institutions and Markets" (460201U005) due to overlap.</p>
