Guidelines for Exchange Students – spring 2022
Department of Political Science

Please carefully read the guidelines below and check the relevant course list *before* completing the online *Course selection form for incoming exchange students* in the Incoming Portal.

1. Course lists
The course lists contain complete overviews of all courses offered to exchange students accepted to the Department of Political Science for the spring semester 2022 – you can find information about ECTS workload, exams, and pre-requisites, as well as a links to detailed online course descriptions.

2. Restrictions, requirements, and tips for selecting courses

Restrictions
It is only possible to follow courses offered by the Department of Political Science. Please note that the department only offers master courses and it is not possible to follow bachelor courses or courses at other departments.

Course content and pre-requisites
Please read the detailed course descriptions in the online course catalogue thoroughly before submitting the course selection form (see links in the course list). Many courses have specific pre-requisites and it is your own responsibility to try to make sure that you meet the requirements for enrollment. This is important as you may struggle to follow the teaching and pass the exam if you do not have the necessary background.

ECTS and study load requirements
Courses are either 10 or 20 ECTS. You must enroll in courses corresponding to a maximum of 30 ECTS per semester.

Type of exams
Spring semester teaching activities finish in May and the exam period is in June. You can find detailed information about exams in each course description.

3. Timetables and course overlaps
You should pay close attention to course timetables and exam dates to avoid overlaps.

From October 21 you can access the teaching timetable for each course via AU's online timetable management system. Select "Adding timetables for modules" in the drop-down menu and follow the link and the instructions. Confused? Check out the instructional video (right hand side of the website).

From November 29 you will be able to see exam dates for all courses as well. Once published, you can find the exams dates on the online Study Portal by following the links below:
