Cleaning products at IC Dorm

Washing-up liquid (kitchen)

Use it in the kitchen for cleaning dishes, pans, pots etc.

Oven cleaner (kitchen)

Preheat the oven to 50 degrees, then turn off the oven and apply the oven cleaner. Let the product sit for 20-30 min, and then clean with water.

Washroom descaler (bathroom)

Mix it with water. Use it for cleaning the sink, the fixtures, the floor and other surfaces in the bathroom.

Toilet cleaner (bathroom)

Apply it on the inside of the toilet bowl. Let it sit for 10 min. Use the toilet brush to scrub the toilet bowl and flush afterwards.

Multi purpose cleaner (room and kitchen)

Mix with water in a bucket. Use dishcloth to clean surfaces and the floor.

Window cleaner (room)

Spray it on the window or mirror. Use a scraper or tea towel to remove the product.
