## Collection of oversize waste

We will come and collect your oversize waste from your home. All you have to do is to advance book a collection at [kredslob.dk/storskrald](https://kredslob.dk/storskrald)

Clicking on the link will also show you the types of oversize waste we collect. If you live somewhere with its own oversize waste scheme, you should of course use it instead.

# Too good to just throw away?

## Donate for reuse

You can hand in any clothing, furniture and other items that are still in such good condition that other people could still enjoy them at your local charity shop or at one of the clothing deposit stations that have been set up at various locations. You can also hand items in for reuse at all the recycling stations in Aarhus.
